Mayfair NURSERIES

Rock Plant Specialists

BOX 87 HILLSDALE, N. J.

May 21, 1956.

Dear Fellow Rock Gardener:

This spring will be one to remember for most people because of its erratic weather conditions. For us at Mayfair it shall be warmly remembered as one of our best years. Your favored orders have been keeping us unusually busy, for which we thank you with all our sincerity. It is gratifying to know that the labor and love devoted to our tiny plants throughout the year helps to please and enlighten so many people all over this great country. Judging from the many letters received, most of you were pleased with the plants you received. However, if there is any point of dissatisfaction, please let us know and we shall try to rectify it to the best of our ability.

Due to unfavorable restrictions and zoning regulations imposed on us AFTER we had established our Nursery in Hillsdale, New Jersey ---- we are forced to move in order to continue in business. This removal operation must be done this summer, in a very short space of time. We humbly ask your cooperation in helping us make this tremendous task possible and to complete it expeditiously without undue confusion.

We still have a large number of plants available for planting this spring. These must be moved either to your gardens or to our new location. If you want some of these choice and lovely plants for additional planting now, please send us your orders as soon as possible. They will be sent off to you almost immediately. A few items are already sold out, therefore we ask your cooperation by sending us a list of alternate choices. This will help us greatly in our effort to complete your orders as quickly as possible.

Because of the impending task of moving all our remaining stock and equipment, we must suspend shipping operations on June 10th. All orders received after June 10th will be held for shipping from our new location in Bradford County, Pennsylvania in September. 1956

Once again thank you for your past patronage, and for any future orders you may care to send us. Please remember there is only 20 days left before we suspend our shipping operations for this season.

Very sincerely yours,

Walter A. Kolaga
